

UBIqube Solutions Named “Red Herring 100 Global” Finalist

Paris –UBIqube Solutions, today announced that it has been selected as a Finalist of the Red Herring [100 Global](#) Award. Red Herring 100 winners and finalists from North America, Europe and Asia of the last three years are eligible for this coveted award. The Red Herring editorial team deploys a detailed process to whittle down a pool of 600 eligible, promising companies to the 200 finalists of this global award. Evaluations are made on both quantitative and qualitative criteria, such as financial performance, innovation, management, global strategy, and ecosystem integration. The finalists, elite executives and venture capital leaders will celebrate the Top 100 Privately Held Companies from around the world in San Diego from January 14-16, 2009.

“This nomination is a great recognition of the relevance of UBIqube’s technology for the IT Management and Service Providers space and it’s achievement as a corporation. I am honored to see us as part of the prestigious Red Herring Global Finalists, said Nabil Souli, Chairman of UBIqube Solutions”.

UBIqube Solutions is a Converged Network and Security Management software vendor. UBIqube develops and markets 2 solution suites:

UBIqube Enterprise Solution Suite helps organizations streamline their network and security lifecycle management. As a result, IT departments equipped with UBIqube’s innovative SmartSOC™ appliance benefit from reduced complexity reduced operational cost, and ultimately improved security.

UBIqube Service Provider Solution Suite is the corner stone of a Converged Managed Services offering. A Service Provider NOC/SOC empowered with UBIqube MSAActivator™ is set to cost effectively address the Converged Managed Services market opportunity. The inherent flexibility of the MSAActivator™ allows for innovative business models and routes to market.
